

# IBM® DOORS® Next Generation Author Fundamentals

WEB INTERFACE ■ DNG VERSION 6.0.3

ID: DNG-A-FUN-WEB-603

## Overview

This one-day, hands-on class covers the fundamentals of authoring requirements using DOORS Next Generation (DNG).

## Audience

- Business analysts and individuals responsible for authoring product requirements.

## Prerequisites

- Basic knowledge of requirements process and terminology is helpful.

## Objectives

At the end of this course, students will be able to use DNG to browse, view, create, modify, and link requirement artifacts.

## Standard Topics for Authors

Overview	Overview of DNG artifacts, attributes, and review process
DNG Navigation	Log on to the DNG web client and learn basic navigation
Artifact Page Basics	Artifacts page overview, basic configuration, and search
Module Basics	Module overview, basic configuration, and search
Module Insert and Edit Artifacts	Insert, edit, and remove artifacts in a module
Module and Artifact Links	Create links for module and artifacts in a module
Module and Artifact Attributes	Edit attributes for module and artifacts in a module
Module and Artifact Comments	Create comments for module and artifacts in a module
Open Artifacts from Module	Open and edit individual artifacts from a module
Module Move and Copy Artifacts	Move and copy artifacts in a module
Module Filters	Create filters for artifacts in a module
Module Columns	Configure columns for artifacts in a module
