

# Rational Team Concert™ Team Collaboration

ECLIPSE™ INTERFACE ▪ RTC VERSION 5.0.1

ID: RTC-COL-ECL-501

## Overview

This one-day, hands-on class covers work items, project plans, queries, reports, dashboards, and scheduling with the Rational Team Concert Eclipse interface.

## Audience

- All project contributors who will use the Eclipse interface to create, edit, or monitor work items, project schedules, plans, reports, and dashboards.

## Prerequisites

- Basic knowledge of the Eclipse IDE is helpful.
- No previous Rational Team Concert experience required.

## Objectives

At the end of this course, students will understand Rational Team Concert workflow and work items. They will be able to use Rational Team Concert to accomplish typical work item/issue capture, scheduling, task list management, and project collaboration.

## Outline | Choose 16 modules for a one-day class
